● **Visa**

Please note that you need visa only if the university campus is open. The issuance of education visa is subject to the issuance of visa note.

- ***Visa Note***

A Visa Note is an education visa permit that is obtained by the International Relations Office (IRO) from SAORG (Student Affairs Organization) only once for every student and sent to the applicant by email. Please kindly note that if the valid date is expired due to any reason, IRO will not be able to request a new note from the responsible authorities. Visa Note is valid for up to 2 months from the date of issuance. Students holding the Visa Note and a valid passport shall refer to the relevant Iranian Consulate General (stated on the visa) and receive their education visa.

- ***Education Visa***

This type of visa is the student entry and registration permit and it is a prerequisite for issuing a residence permit. Education visa is valid for 1 month from the date of entry into the country. The Vice Chancellor for Education obliges the applicant to refer to the registration office at the specified time (stated in Admission Letter) and only after getting the student visa. The expiry date of Education visa issued by the embassy or consulate can be seen on it. The applicant must refer to the registration office of the University in the valid time period.
